TRAINING & CONSULTING

CEO's letter

Thank you to the visionary leader, the ambitious young individual,

At **MAHAARA HUB – Center for Training & Consultants**, we are driven by a clear purpose to deliver professional, practical, and impactful services that contribute to skills development and institutional growth. Our work is rooted in commitment, responsibility, and a strong belief in the power of knowledge and capacity building to create lasting value.

At **MAHAARA HUB**, we take pride in our past and ongoing contributions through professional training, consultancy services, capacity-building programmes, and computerized accounting solutions. We remain unwavering in our pursuit of excellence, continuously improving our programmes and services to meet evolving market and institutional needs. While words alone may be few, our dedication, accountability, and determination to deliver quality and impact remain constant.

Chief Executive Officer

Mr/ Abdalla Hassan

**MAHAARA HUB – Center for
Training & Consultants**

Introduction

At **MAHAARA HUB – Center for Training & Consultants**, we design and deliver practical, results-driven training and professional consultancy services that respond directly to today's workplace and business needs.

We focus on transforming knowledge into real skills. Through structured training programs, live classes (online and offline), and hands-on consultancy services, we equip individuals and organizations with the competence required in accounting, finance, management, digital systems, business operations, and professional development. Many individuals and organizations possess strong ambition and passion but require structured, high-quality training and advisory support to unlock their full potential.

Through **MAHAARA HUB's** forward-looking training and consulting programs, we work to enhance skills, build professional competence, and discover talent. Beyond improving individual performance, our mission is to strengthen organizational effectiveness and guide our partners toward continuous growth, innovation, and long-term success.

At **MAHAARA HUB**, we don't just provide training — we build skills, deliver solutions, and support sustainable professional growth.

Our Vision

To be a trusted hub for consultancy and training, delivering practical skills and reliable solutions.

Our Mission

Building skills and performance through practical training and consultancy solutions.

Our principles and values

STANDARD COMPLIANCE

MAHAARA HUB operates in full alignment with approved policies, internal procedures, and recognized professional and regulatory standards across all its services.

PROFESSIONAL RESPONSIBILITY

We carry out our duties with a high level of accountability, integrity, and professionalism, ensuring respect for clients, learners, partners, and stakeholders.

TIMELY EXECUTION:

We plan, manage, and deliver all activities and services within agreed timelines while maintaining quality, consistency, and reliability.

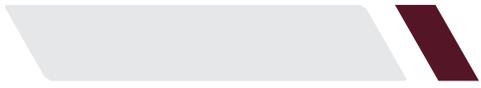

ACCURATE DOCUMENTATION

All records, reports, and financial or technical documentation are prepared carefully, maintained accurately, and stored in a clear and organized manner.

CONTINUOUS CAPACITY DEVELOPMENT:

MAHAARA HUB is committed to continuous learning, skills enhancement, and professional growth for staff, trainers, consultants, and beneficiaries.

Who We are

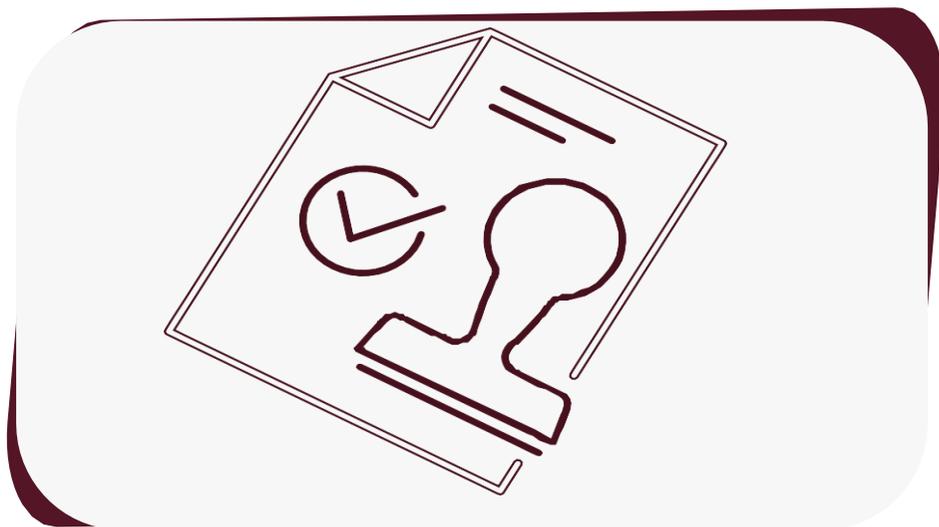

MAHAARA HUB is a place of training & consulting center committed to delivering practical, skills-based, and technology-driven solutions. We offer specialized courses, consultancy services, institutional capacity development, and computerized accounting systems, including Accounting, Odoo ERP, QuickBooks, and Excel-based solutions.

We work with individuals, businesses, NGOs, and institutions to strengthen professional skills, improve organizational systems, and enhance overall performance. Through experienced trainers, consultants, and technical experts, MAHAARA HUB supports effective decision-making, operational efficiency, and sustainable growth.

Guided by professionalism, accuracy, and quality, we focus on delivering reliable and results-oriented services. Our approach ensures that learning is practical, systems are efficient, and our clients achieve measurable and lasting impact.

Mahaara Hub Detailed Overview

Despite rapid technological advancement, the development of human skills and institutional capacity remains essential for sustainable growth. **MAHAARA HUB Services** was established to address this need by delivering professional training, consultancy and computerized accounting solutions that empower individuals and strengthen organizations.

MAHAARA HUB focuses on developing practical skills, enhancing professional competencies, and supporting effective systems and work methodologies. We work to strengthen individual capabilities, improve organizational performance, refine management practices, and introduce modern tools and approaches that increase efficiency, productivity, and accountability.

Through our specialized **training, consultancy services, capacity development programs, and computerized accounting software solutions**, we support businesses, NGOs, institutions, and individuals to adapt to changing environments and achieve measurable results. Our services are designed to bridge skill gaps, improve decision-making, and optimize operational processes.

We are proud to position **MAHAARA HUB Services** as a reliable and growing center for training, qualification, and consulting, committed to quality, professionalism, and continuous improvement. Our goal is to deliver solutions that create real impact, reduce operational costs, and support sustainable development.

Here is a detailed overview of the various activities carried out by mahaara hub:

Training

At **MAHAARA HUB – Center for Training & Consultants**, we provide practical training in **Accounting & Finance, Accounting Software, Project Management, HR & Administration, Office Management, Procurement & Logistics, IT & Digital Skills, Public & Private Sector, Humanitarian Work, and Climate Change**. Our training is simple, clear, and focused on real workplace skills. We help participants gain the knowledge and confidence needed to perform better and grow professionally.

We provide flexible learning solutions through **in-person, virtual, and self-learning** formats, delivered by experienced and qualified trainers and specialists to ensure impactful learning experiences and sustainable outcomes.

Consulting

At **MAHAARA HUB – Center for Training & Consultants**, our consultancy services cover **Business & Financial, Projects & Tender, Education & Institutional, and Engineering & Energy** sectors. We support clients with strategic planning, financial management, proposal and tender preparation, institutional development, technical advisory, and energy solutions. Our approach focuses on strengthening systems, improving performance, and delivering practical, results-driven solutions that create sustainable growth and measurable impact.

Mahaara Hub Consultancy Services

We follow a structured, client-focused approach that delivers practical consultancy solutions, from understanding needs to achieving measurable improvement.

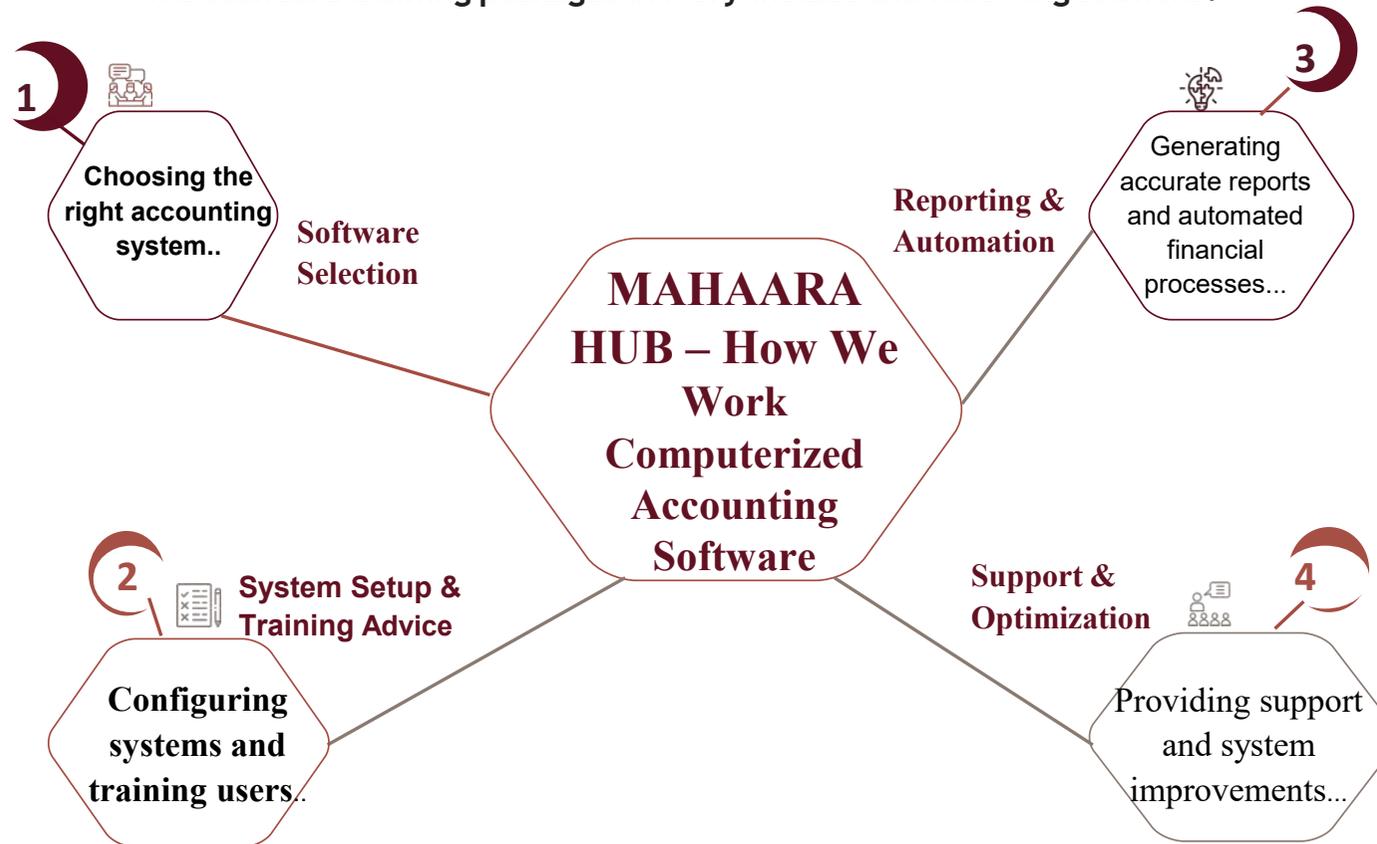

The standard training packages in Ivory include the following sections:

Computerized Accounting Software

We provide reliable and efficient computerized accounting solutions that help organizations improve accuracy, control, and financial performance through modern systems and ongoing support.

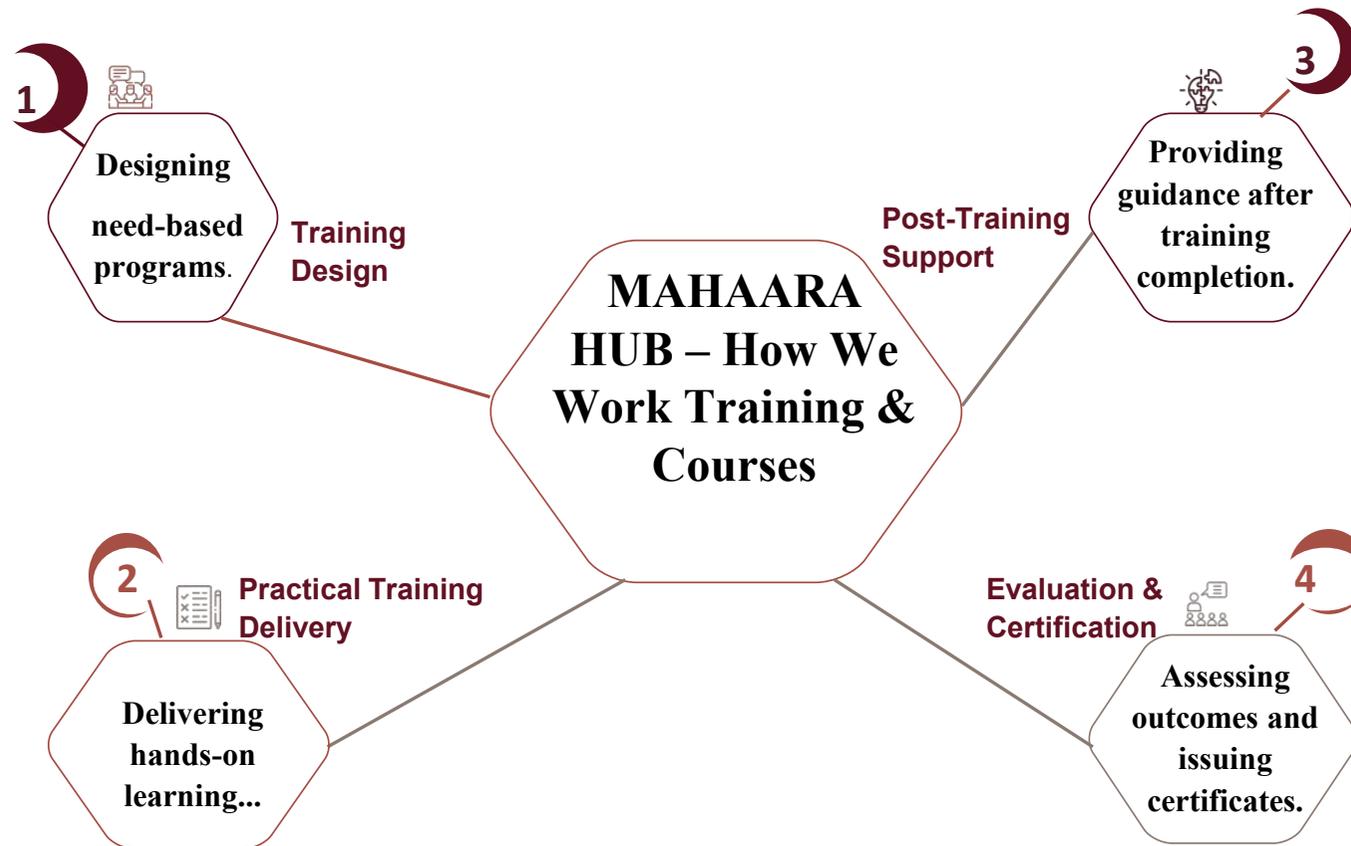

The standard training packages in Ivory include the following sections:

Mahaara hub Training & Consultants

Our training programmes focus on practical skills and real-world application, helping individuals and organizations gain knowledge, confidence, and measurable results.

The standard training packages in Ivory include the following sections:

Training Platforms:

MAHAARA HUB is committed to providing effective, engaging, and accessible training experiences through both **online and offline platforms**. Currently, our training programs are delivered through **online learning platforms**, while **offline (in-person) training** will be introduced soon as part of our expansion plan.

We carefully select and develop training platforms that support practical learning, interaction, and inspiration. Our platforms are designed to meet the diverse needs of learners and organizations, ensuring flexibility, quality, and meaningful learning outcomes

Online Training Platforms:

Our online platforms use modern and interactive learning approaches that encourage active participation and continuous engagement. They enable collaboration between trainers and participants, knowledge sharing, and skill development in a structured and user-friendly digital environment.

These platforms support individual and group learning, allowing organizations and learners to access training programs anytime and anywhere, while maintaining high professional standards and effective learning experiences.

Offline Training (Coming Soon):

MAHAARA HUB is preparing to launch offline, in-person training programs that will complement our online platforms. These programs will focus on hands-on learning, direct interaction, and practical application to further enhance skills development and professional growth.

Integrated Learning Solutions

MAHAARA HUB delivers integrated learning solutions built on a structured and practical approach to professional development. Our learning model is designed to support continuous growth by combining assessment, planning, training, evaluation, reinforcement, and improvement into a clear and effective learning journey. This approach ensures that learning is purposeful, engaging, and aligned with both individual and organizational needs.

Our solutions integrate interactive training sessions, practical workshops, and customized learning pathways. By focusing on real skills application and measurable progress, MAHAARA HUB supports learners and organizations in adapting to evolving competencies, improving performance, and achieving sustainable professional growth.

The model focuses on a range of packages:

«Customization» Package

Designed to offer maximum flexibility, this package allows organizations to build tailored learning solutions that match their specific needs. Clients can select and combine components across different learning areas to create a customized program aligned with their goals and priorities.

«Excellence» Package

This package delivers an advanced and continuously evolving learning experience. It focuses on updated content aligned with industry trends, detailed progress assessments, and customized learning paths to support high performance and professional excellence.

«Engagement» Package

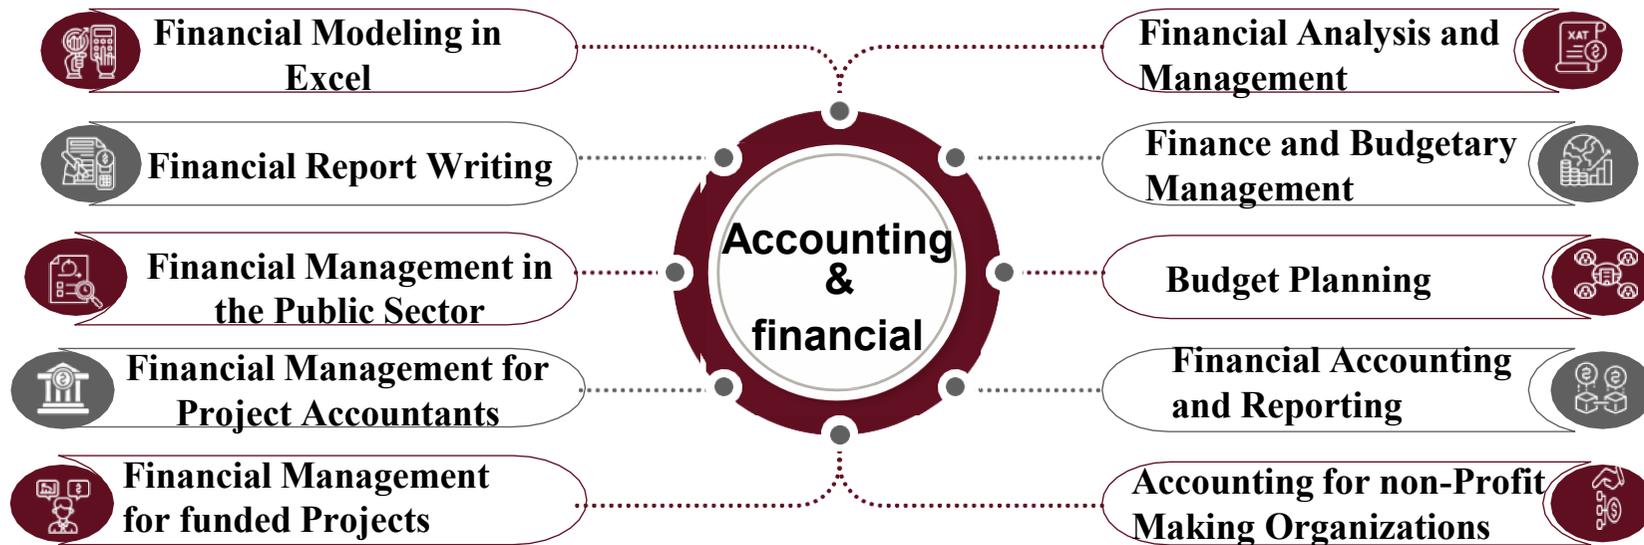

Focused on increasing learner participation and motivation, this package introduces interactive activities, engagement tools, and progress-tracking mechanisms. It supports continuous involvement and encourages active learning throughout the training journey.

«Foundation» Package

This package establishes the core learning structure within an organization. It provides customized learning paths aligned with organizational objectives, access to relevant learning resources, and guidance to ensure smooth navigation and effective use of learning platforms.

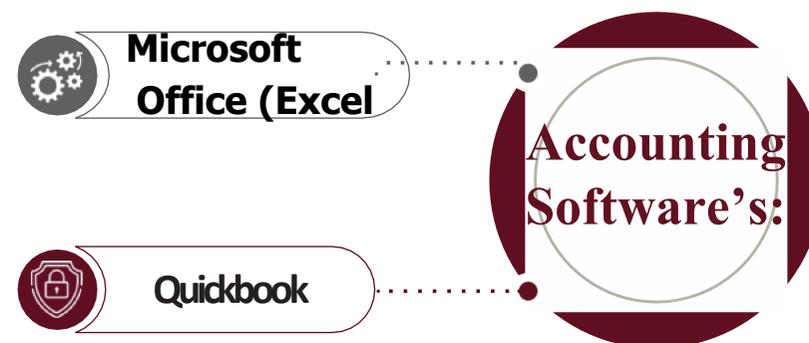

Accounting & financial:

Professional and practical training programs designed to build strong accounting and financial management skills, improve reporting and budgeting, ensure compliance, and support informed financial decision-making across projects, organizations, and institutions..

Accounting Software's:

Training in core accounting concepts and practical use of **Odoo**, **Microsoft Office (Excel)**, and **QuickBooks** to manage financial records, reporting, and daily business transactions accurately and efficiently.

Auditing:

To ensure transparency, accountability, and financial integrity, organizations require effective auditing practices. Key responsibilities may include Internal Audits; Financial & Compliance Reviews; Risk Assessment & Internal Controls; Audit Reporting & Follow-up, among others.

Taxes & Compliance

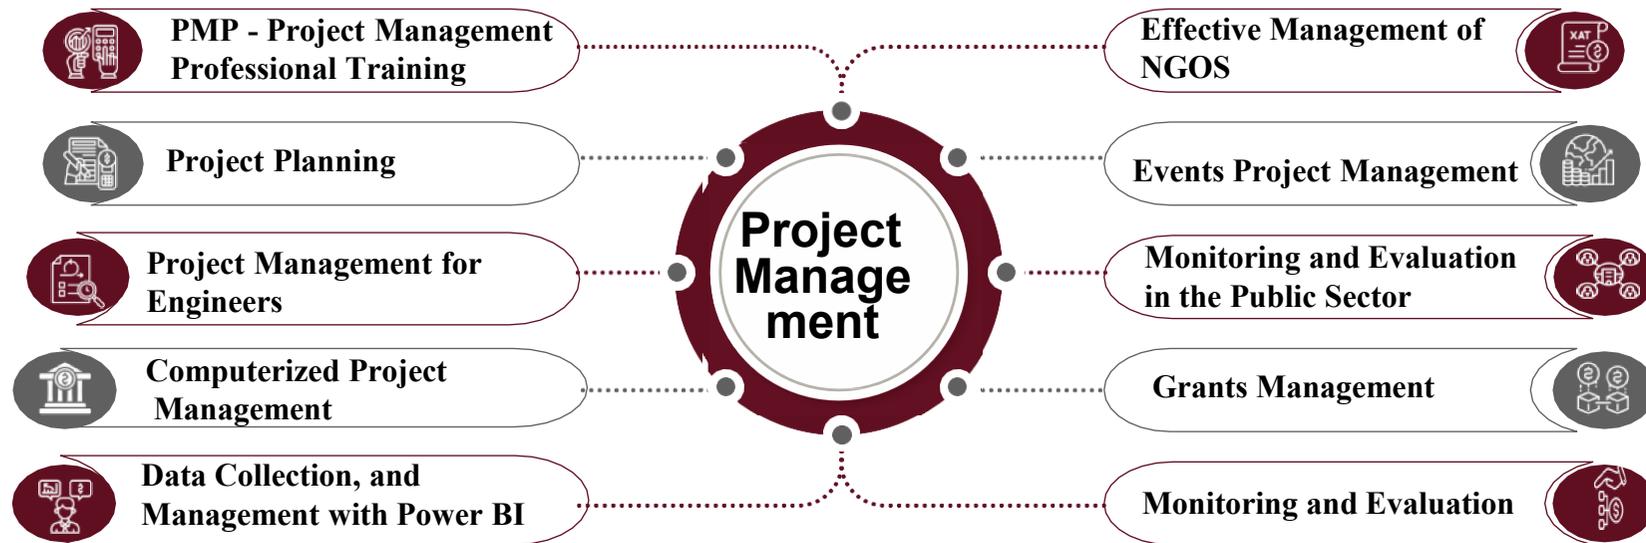

To operate legally and sustainably, organizations must comply with tax laws and regulatory requirements. Key responsibilities may include: Tax registration & filing; Payroll and statutory deductions; Withholding tax compliance; Regulatory and donor compliance, among others.

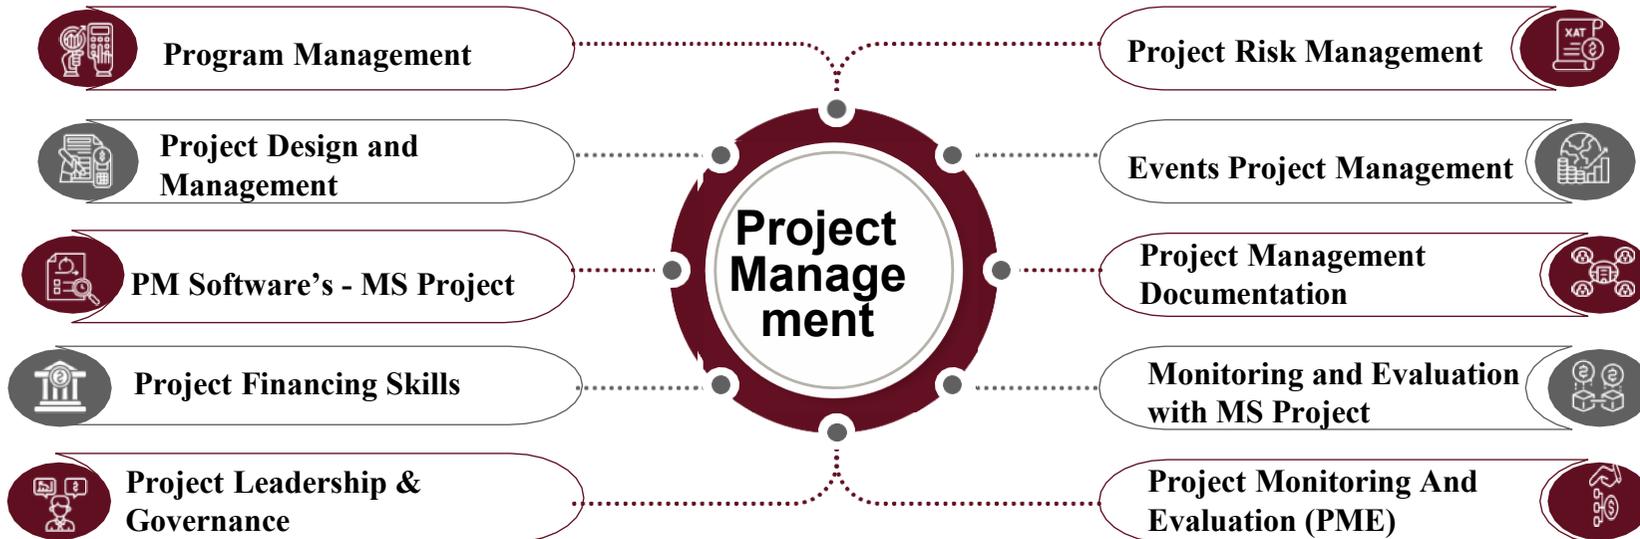

Training areas:

Project Management:

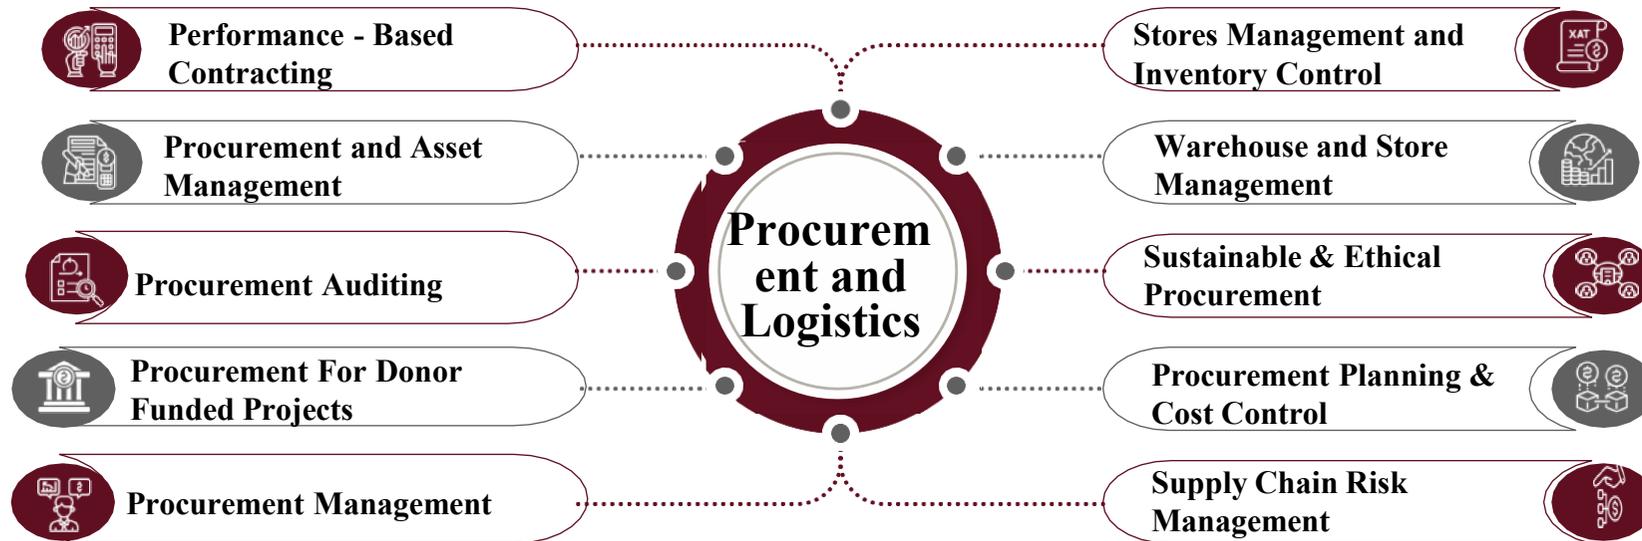

Project management skills are essential for professionals seeking career growth and effective project delivery. This course equips participants with practical knowledge and tools to plan, manage, and successfully deliver projects across different sectors, ensuring efficiency, accountability, and successful outcomes.

Procurement and Logistics:

If you want to ensure efficient operations and value for money, strong procurement and logistics skills are essential. Organizations rely on effective sourcing, purchasing, inventory control, and logistics coordination to deliver goods and services on time and in compliance with required standards.

HR & Administration

HR management requires an orderly approach. Organized files, strong time management skills, and personal efficiency are key to HR effectiveness. You're managing employee's lives and careers; You must be able to act with incomplete and "best available" information, and you have to know when to seek the professional help of colleagues, attorneys, and other experts.

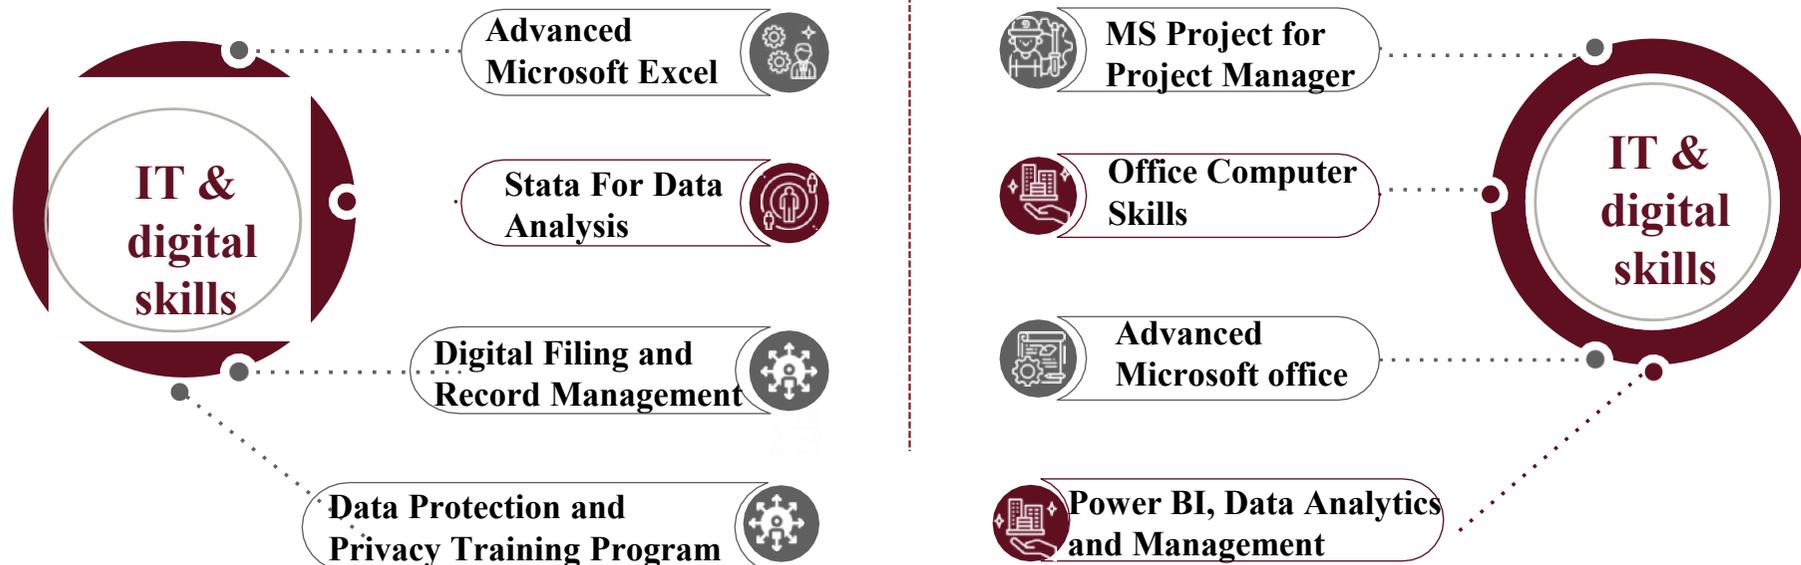

HR managers deal in: ♦ Compensation and Benefits; ♦ Recruitment - Hiring & Firing; ♦ Performance/Employee Evaluation; ♦ Training and Staff Development among other duties. CPM HR and Communication Courses help you to be able to handle it all.

IT & digital skills

Mahaara hub offers IT & digital courses at all levels, for beginners and beyond. Whether you want to learn how to operate a computer or to create complex IT systems, there is a course for you. Some courses are flexible and can be customized/ tailor-made so you can learn exactly what you need, at your schedule.

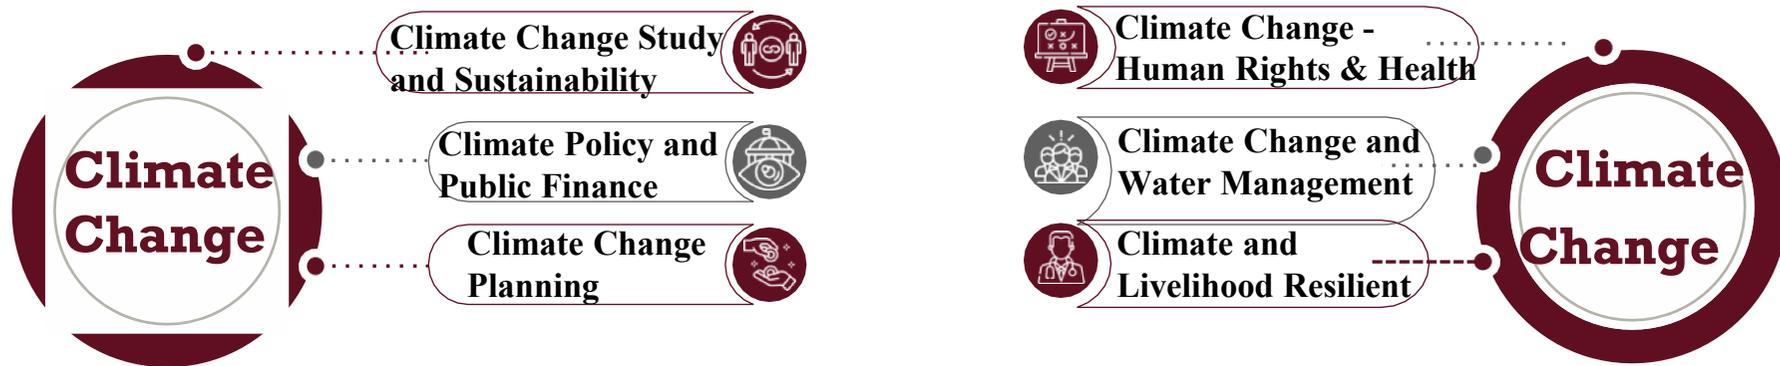

Leadership & Governance

To ensure effective leadership and strong institutional governance, organizations require clear direction, accountability, and ethical decision-making. Key responsibilities may include: Strategic Leadership & Vision; Board Oversight & Governance Structures; Policy Development & Compliance; Accountability, Transparency & Risk Management, among others.

Climate Change

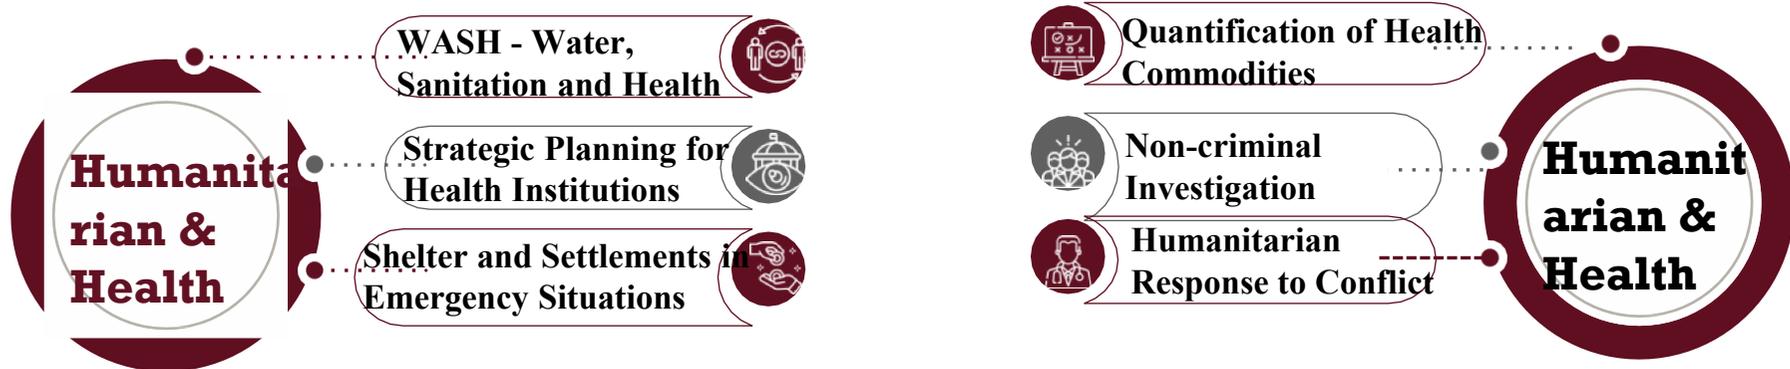

The climate system changes observed since the end of the 19th century and predicted in the future, including topics such as temperature rise, changing rainfall patterns, ocean acidification are becoming evident in the present age. climate change mitigation and adaptation relate to public officials' work, individual and community involvement including sectors such as transport, energy, planning and finance, are important to help mitigate the effects of climate change.

Humanitarian & Health

Humanitarian Courses

Humanitarian, Health and Community Development are disciplines that has become a pre-eminent business skill that individuals, companies, entrepreneurs and NGOs have a hunger to gain. Africa and many developing countries need professional Project, Business and Program Management skills to make projects, businesses and programmer successful, leading to greater economic growth.
